November 6, 2015

DUBLIN, Nov. 6, 2015 /PRNewswire/ -- Endo International plc (NASDAQ: ENDP) (TSX: ENL) today announced that it will enter into a program to repurchase up to \$250 million of its common stock under a previously authorized \$2.5 billion repurchase plan.

"We believe our corporate growth and earnings profile, and current market conditions make shares of Endo stock an attractive investment opportunity," said Rajiv De Silva, President and CEO of Endo. "This repurchase of shares further underscores our confidence in Endo and in our ability to successfully execute on our corporate strategy, create value and become a leading global specialty pharmaceutical company."

Endo will enter into the program on Monday, November 9, 2015 and will begin repurchasing the shares as soon as practicable thereafter, in accordance with the program's terms. It is anticipated that the purchases will be completed by the end of 2015 and will be funded through available liquidity. The timing and actual number of shares repurchased will depend on a variety of factors including the market price of Endo's common stock, regulatory, legal, and contractual requirements, corporate cash generation and other market conditions and factors.

Endo had approximately 226,449,447 shares of common stock outstanding as of November 5, 2015.
