

## Endo International plc Announces Pricing of Private Offering Of Senior Secured Notes

March 11, 2021

DUBLIN, March 11, 2021 /CNW/ -- Endo International plc (NASDAQ: ENDP) ("Endo") today announced that its wholly-owned subsidiaries Endo Luxembourg Finance Company I S.à r.l. ("Endo Luxembourg") and Endo U.S. Inc. (together with Endo Luxembourg, the "Issuers") priced \$1.295 billion aggregate principal amount of 6.125% senior secured notes due 2029 at an issue price of \$1,000 per \$1,000 principal amount in connection with its previously announced private offering, which represents an upside of \$295.0 million over the previously contemplated offering amount. The notes will be senior secured obligations of the Issuers and will be guaranteed by Endo and certain of Endo's subsidiaries and will be secured by first priority liens on the same collateral that secures Endo's obligations under its existing senior secured credit facilities and existing senior secured first lien notes.

Endo intends to use the net proceeds from the proposed offering, together with the proceeds of a previously announced new senior secured term loan, to refinance its existing term loan.

The notes and the related guarantees have not been, and will not be, registered under the Securities Act of 1933, as amended (the "Securities Act"), or any applicable state or foreign securities laws, and will be offered only to qualified institutional buyers in reliance on Rule 144A, and to persons outside the United States in compliance with Regulation S under the Securities Act. Unless so registered, the notes and the related guarantees may not be offered or sold in the United States except pursuant to an exemption from the registration requirements of the Securities Act and applicable state securities laws. This press release will not constitute an offer to sell or a solicitation of an offer to buy any notes or any other securities.
