

The following message was sent to Endo employees on October 29, 2014:

TO: All Endo Pharma, Endo Corporate, AMS and Qualitest Employees
FROM: Rajiv De Silva
DATE: Wednesday A.M., October 29, 2014
SUBJECT: Looking towards 2015

Dear Colleagues,

With two months remaining in 2014, we are now in the home stretch of what is shaping up to be a strong year of growth for Endo. But we can't claim success yet as a lot can happen in this time. We all must remain focused on performing to exceed our individual objectives as our collective efforts are the catalyst for the continued evolution of Endo into a leading global specialty healthcare company.

During our recent town hall I had highlighted the many milestones of our journey to date. I am truly proud of how far we have advanced in making Endo a more efficient and competitive company. But we can't rest on this progress. In order to stay ahead and remain a leader in our industry we must continue to build our company by driving organic growth in our core businesses, investing in our promising pipeline products and engaging the best talent possible. High performing employees are what will make the difference between a good year and a tremendous year.

Over the next two months, we have much to accomplish, however, our top priorities are clear:

- First, we must stay focused on our personal targets and perform to exceed expectations so that we finish off 2014 with such strong momentum that it carries forward into 2015.

- Second, we must embrace and live the Endo Rising culture – be an ambassador for our organization and do your part to improve lives while creating value. Congratulations again to our inaugural “Shining Examples” who were announced at our recent town halls in Minnetonka, Malvern, Huntsville and Charlotte. Keep an eye out for a video that highlights each of their stories in the coming weeks. I look forward to recognizing many more colleagues in 2015 who are demonstrating our key values in the work they do that impacts lives each day, every day!
- And finally, a small team of Endo and Auxilium colleagues has been assembled to begin integration planning in anticipation of a successful close of this value creating transaction. Since we expect this transaction to close during the first half of 2015, regular meetings for this planning team have been scheduled so that once we receive the necessary regulatory and Auxilium stockholder approvals and meet the customary closing conditions, we will be able move quickly to facilitate a smooth, seamless transition of Auxilium’s business into the Endo family.

I am counting on every one of you to do your part to help bring in a strong finish for 2014. I appreciate your efforts and hard work to date as well as your continued commitment so that we can celebrate many more significant milestones in the near future.

Best regards.

Rajiv
