Item 2.02. Results of Operations and Financial Condition.

On November 5, 2020, Endo International plc (the “Company,” “Endo,” or “we”) issued an earnings release announcing its financial results for the three and nine months ended September 30, 2020 (the “Earnings Release”). A copy of the Earnings Release is attached as Exhibit 99.1 hereto and is incorporated herein by reference.

The Company utilizes certain financial measures that are not prescribed by or prepared in accordance with accounting principles generally accepted in the U.S. (“GAAP”). The Company utilizes these financial measures, commonly referred to as “non-GAAP,” because (i) they are used by the Company, along with financial measures in accordance with GAAP, to evaluate the Company’s operating performance; (ii) the Company believes that they will be used by certain investors to measure the Company’s operating results; (iii) the Compensation Committee of the Company’s Board of Directors uses Adjusted diluted net income per share from continuing operations and Adjusted EBITDA, or measures derived from such, in assessing the performance and compensation of substantially all of the Company’s employees, including executive officers; and (iv) the Company’s leverage ratio, as defined by the Company’s credit agreement, is calculated based on non-GAAP financial measures. The Company believes that presenting these non-GAAP financial measures provides useful information about the Company’s performance across reporting periods on a consistent basis by excluding certain items, which may be favorable or unfavorable, pursuant to the procedure described in the succeeding paragraph.

The initial identification and review of the non-GAAP adjustments necessary to arrive at these non-GAAP financial measures are performed by a team of finance professionals that include the Chief Accounting Officer and segment finance leaders in accordance with the Company’s Adjusted Income Statement Policy, which is reviewed and approved by the Audit Committee of the Company’s Board of Directors. Company tax professionals review and determine the tax effect of adjusted pre-tax income at applicable tax rates and other tax adjustments as described below. Proposed adjustments, along with any items considered but excluded, are presented to the Chief Accounting Officer, Chief Executive Officer and/or the Chief Financial Officer for their consideration. In turn, the non-GAAP adjustments are presented to the Audit Committee on a quarterly basis as part of the Company’s standard procedures for preparation and review of the earnings release and other quarterly materials.

These non-GAAP financial measures should be considered supplemental to and not a substitute for financial information prepared in accordance with GAAP. The Company’s definition of these non-GAAP financial measures may differ from similarly titled measures used by others. The definitions of the most commonly used non-GAAP financial measures are presented below.

Adjusted income from continuing operations

Adjusted income from continuing operations represents (Loss) income from continuing operations prepared in accordance with GAAP and adjusted for certain items. Adjustments to GAAP amounts may include, but are not limited to, certain upfront and milestone payments to partners; acquisition-related and integration items, including transaction costs and changes in the fair value of contingent consideration; cost reduction and integration-related initiatives such as separation benefits, continuity payments, other exit costs and certain costs associated with integrating an acquired company’s operations; asset impairment charges; amortization of intangible assets; inventory step-up recorded as part of our acquisitions; litigation-related and other contingent matters; certain legal costs; gains or losses from early termination of debt; debt modification costs; gains or losses from the sales of businesses and other assets; foreign currency gains or losses on intercompany financing arrangements; the tax effect of adjusted pre-tax income at applicable tax rates and other tax adjustments; and certain other items.

Adjusted diluted net income per share from continuing operations and Adjusted diluted weighted average shares

Adjusted diluted net income per share from continuing operations represents Adjusted income from continuing operations divided by the number of Adjusted diluted weighted average shares.

Both GAAP and non-GAAP diluted Net income (loss) per share data is computed based on weighted average shares outstanding and, if there is net income from continuing operations (rather than net loss) during the period, the dilutive impact of share equivalents outstanding during the period. Diluted weighted average shares outstanding and Adjusted diluted weighted average shares outstanding are calculated on the same basis except for the net income or loss figure used in determining whether to include such dilutive impact.

Adjusted gross margin

Adjusted gross margin represents total revenues less cost of revenues prepared in accordance with GAAP and adjusted for the items enumerated above under the heading “Adjusted income from continuing operations,” to the extent such items relate to cost of revenues. Such items may include, but are not limited to, certain upfront and milestone payments to partners; cost reduction and integration-related initiatives such as separation benefits, continuity payments, other exit costs and certain costs associated with integrating an acquired company’s operations; amortization of intangible assets; inventory step-up recorded as part of our acquisitions; and certain other items.

Adjusted operating expenses

Adjusted operating expenses represent operating expenses prepared in accordance with GAAP and adjusted for the items enumerated above under the heading “Adjusted income from continuing operations,” to the extent such items relate to operating expenses. Such items may include, but are not limited to, certain upfront and milestone payments to partners; acquisition-related and integration items, including transaction costs and changes in the fair value of contingent consideration; cost reduction and integration-related initiatives such as separation benefits, continuity payments, other exit costs and certain costs associated with integrating an acquired company's operations; asset impairment charges; amortization of intangible assets; inventory step-up recorded as part of our acquisitions; litigation-related and other contingent matters; certain legal costs; debt modification costs; and certain other items.

Adjusted interest expense

Adjusted interest expense represents interest expense, net, prepared in accordance with GAAP, adjusted for certain non-cash interest expense.

Adjusted income taxes and Adjusted effective tax rate

Adjusted income taxes are calculated by tax effecting adjusted pre-tax income and permanent book-tax differences at the applicable effective tax rate that will be determined by reference to statutory tax rates in the relevant jurisdictions in which the Company operates. Adjusted income taxes include current and deferred income tax expense commensurate with the non-GAAP measure of profitability. Adjustments are then made for certain items relating to prior years and for tax planning actions that are expected to be distortive to the underlying effective tax rate and trend in the effective tax rate. The most directly comparable GAAP financial measure for Adjusted income taxes is Income tax (benefit) expense, prepared in accordance with GAAP. The Adjusted effective tax rate represents the rate generated when dividing Adjusted income taxes by the amount of adjusted pre-tax income.

EBITDA and Adjusted EBITDA

EBITDA represents Net income (loss) before Interest expense, net; Income tax (benefit) expense; Depreciation; and Amortization, each prepared in accordance with GAAP. Adjusted EBITDA further adjusts EBITDA by excluding other (income) expense, net; share-based compensation; certain upfront and milestone payments to partners; acquisition-related and integration items, including transaction costs and changes in the fair value of contingent consideration; cost reduction and integration-related initiatives such as separation benefits, continuity payments, other exit costs and certain costs associated with integrating an acquired company's operations; asset impairment charges; inventory step-up recorded as part of our acquisitions; litigation-related and other contingent matters; certain legal costs; debt modification costs; discontinued operations, net of tax; and certain other items.

Net Debt and Net Debt Leverage Ratio

Net debt is calculated as the aggregate carrying amount of debt outstanding less unrestricted cash and cash equivalents.

The net debt leverage ratio is calculated as net debt divided by Adjusted EBITDA for the trailing twelve-month period.

Effective January 1, 2020, the Company revised its definition of its adjusted financial metrics to exclude certain legal costs. The Company believes that such costs are not indicative of business performance and that excluding them more accurately reflects the Company's results and better enables management to compare financial results between periods. As a result of this change, the Company's Adjusted income from continuing operations, Adjusted diluted net income per share from continuing operations, Adjusted operating expenses and Adjusted EBITDA now exclude opioid-related legal expenses. The amounts of such costs for the three months ended March 31, 2019, June 30, 2019, September 30, 2019 and December 31, 2019 were \$16.7 million, \$19.0 million, \$14.6 million and \$15.1 million, respectively. The amount for the year ended December 31, 2018 was \$43.8 million.

Because adjusted financial measures exclude the effect of items that will increase or decrease the Company's reported results of operations, the Company strongly encourages investors to review the Company's consolidated financial statements and publicly filed reports in their entirety. Investors are also encouraged to review the reconciliation of the non-GAAP financial measures used in the Earnings Release to their most directly comparable GAAP financial measures as included in the Earnings Release. However, the Company does not provide reconciliations of projected non-GAAP financial measures to GAAP financial measures, nor does it provide comparable projected GAAP financial measures for such projected non-GAAP financial measures. The Company is unable to provide such reconciliations without unreasonable efforts due to the inherent difficulty in forecasting and quantifying certain amounts that are necessary for such reconciliations, including adjustments that could be made for asset impairments, contingent consideration adjustments, legal settlements, gains or losses on extinguishment of debt, adjustments to inventory and other charges reflected in the reconciliation of historic numbers, the amount of which could be significant.

The information in this Item 2.02 and in Exhibit 99.1 attached hereto shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section. The information contained in this Item 2.02 and in Exhibit 99.1 attached hereto shall not be incorporated into any registration statement or other document filed by the Registrant with the U.S. Securities and Exchange Commission under the Securities Act of 1933, whether made before or after the date hereof, regardless of any general incorporation language in such filing, except as shall be expressly set forth by specific reference in such filing.

ENDO REPORTS THIRD-QUARTER 2020 FINANCIAL RESULTS AND RAISES FULL YEAR 2020 FINANCIAL GUIDANCE

DUBLIN, November 5, 2020 -- Endo International plc (NASDAQ: ENDP) today reported financial results for the third-quarter ended September 30, 2020.

"Our third-quarter 2020 results reflect growth in our Branded Pharmaceuticals segment as utilization of physician administered products continues returning toward pre-COVID-19 levels. Additionally, our Sterile Injectables segment performed better than expected during the quarter driven by both favorable customer purchasing patterns and higher underlying utilization for certain critical-care products," said Blaise Coleman, President and Chief Executive Officer at Endo. "Given our year to date performance, we are raising our full-year 2020 financial guidance."

Mr. Coleman continued, "Our recently announced actions to further optimize our Company's operations and to acquire BioSpecifics support the advancement of our key strategic priorities and better position us to create long-term sustainable value."

- (1) Certain prior period adjusted amounts have been revised as a result of a change in the Company's definition of its adjusted financial metrics. Refer to the "Supplemental Financial Information" section below for additional discussion.
- (2) Reported Diluted Net (Loss) Income per Share from continuing operations is computed based on weighted average shares outstanding and, if there is income from continuing operations during the period, the dilutive impact of ordinary share equivalents outstanding during the period. In the case of Adjusted Diluted Weighted Average Shares, Adjusted Income from Continuing Operations is used in determining whether to include such dilutive impact.

CONSOLIDATED RESULTS

Total revenues were \$635 million in third-quarter 2020, a decrease of 13% compared to \$729 million during the same period in 2019. This result was primarily attributable to decreased Generic Pharmaceuticals segment revenues.

Reported loss from continuing operations in third-quarter 2020 was \$69 million compared to reported loss from continuing operations of \$41 million during the same period in 2019. This result was driven by severance and other restructuring charges related to the previously announced strategic initiatives to further optimize Endo's operations. Reported diluted net loss per share from continuing operations in third-quarter 2020 was \$0.30 compared to reported diluted net loss per share from continuing operations of \$0.18 in third-quarter 2019.

Adjusted income from continuing operations in third-quarter 2020 was \$122 million compared to \$153 million in third-quarter 2019. This decrease was primarily attributable to lower adjusted gross margin in the Generic Pharmaceuticals segment due to a decline in revenues. Adjusted diluted net income per share from continuing operations in third-quarter 2020 was \$0.52 compared to \$0.66 in third-quarter 2019.

BRANDED PHARMACEUTICALS SEGMENT

Third-quarter 2020 Branded Pharmaceuticals segment revenues were \$224 million, an increase of 3% compared to \$217 million during third-quarter 2019.

Specialty Products revenues increased 6% to \$140 million in third-quarter 2020 compared to \$132 million in third-quarter 2019, with sales of XIAFLEX[®] increasing 7% to \$88 million compared to \$83 million in third-quarter 2019. Established Products revenues decreased 2% to \$84 million in third-quarter 2020 compared to \$85 million in third-quarter 2019 due to ongoing competitive pressures in the portfolio.

STERILE INJECTABLES SEGMENT

Third-quarter 2020 Sterile Injectables segment revenues were \$251 million, a decrease of 5% compared to \$264 million during third-quarter 2019. This decrease was primarily driven by reduced APLISOL[®] revenues due to a nonrecurring resupply benefit which occurred during third-quarter 2019 and ongoing competitive pressures on certain products. The foregoing decrease was significantly offset by increased VASOSTRICT[®] revenues.

During the quarter, Endo also announced a fill-finish manufacturing and services agreement for Novavax's COVID-19 vaccine candidate, NVX-CoV2373.

GENERIC PHARMACEUTICALS SEGMENT

Third-quarter 2020 Generic Pharmaceuticals segment revenues were \$136 million, a decrease of 38% compared to \$218 million during third-quarter 2019. This decrease was primarily attributable to continued competitive pressures on certain key products.

INTERNATIONAL PHARMACEUTICALS SEGMENT

Third-quarter 2020 International Pharmaceuticals segment revenues decreased 20% to \$24 million compared to \$30 million during third-quarter 2019.

FULL YEAR 2020 GUIDANCE

Endo is raising financial guidance for full-year 2020. The outlook ranges below reflect a number of assumptions that are subject to change including, among other things, uncertainties related to the COVID-19 pandemic.

	Full-Year 2020	
	Prior Guidance	Current Guidance
Total Revenues, Net	\$2.60B to \$2.70B	\$2.75B to \$2.80B
Adjusted EBITDA	\$1.19B to \$1.23B	\$1.30B to \$1.32B
Adjusted Diluted Net Income per Share from Continuing Operations	\$2.00 to \$2.15	\$2.50 to \$2.55
Adjusted Gross Margin	~66.5% to ~67.0%	~67.0%
Adjusted Operating Expenses as a Percentage of Total Revenues, Net	~25.0% to ~25.5%	~23.5%
Adjusted Interest Expense	~\$530M to ~\$535M	~\$525M
Adjusted Effective Tax Rate	~14.0% to ~15.0%	~13.5%
Adjusted Diluted Weighted Average Shares	~234M	~234M

BALANCE SHEET, LIQUIDITY AND OTHER UPDATES

As of September 30, 2020, the Company had approximately \$1.7 billion in unrestricted cash; \$8.3 billion of debt; and a net debt to adjusted EBITDA ratio of 4.7.

Third-quarter 2020 cash used in operating activities was \$77 million, compared to \$33 million of net cash provided by operating activities during third-quarter 2019.

SUPPLEMENTAL FINANCIAL INFORMATION

To supplement the financial measures prepared in accordance with U.S. generally accepted accounting principles (GAAP), the Company uses certain non-GAAP financial measures. For additional information on the Company's use of such non-GAAP financial measures, refer to Endo's Current Report on Form 8-K furnished today to the U.S. Securities and Exchange Commission, which includes an explanation of the Company's reasons for using non-GAAP measures.

The tables below provide reconciliations of certain of the Company's non-GAAP financial measures to their most directly comparable GAAP amounts. Refer to the "Notes to the Reconciliations of GAAP and Non-GAAP Financial Measures" section below for additional details regarding the adjustments to the non-GAAP financial measures detailed throughout this Supplemental Financial Information section.

Effective January 1, 2020, the Company revised its definition of its adjusted financial metrics to exclude certain legal costs. The Company believes that such costs are not indicative of business performance and that excluding them more accurately reflects the Company's results and better enables management to compare financial results between periods. As a result of this change, the Company's adjusted financial metrics now exclude opioid-related legal expenses. Prior period adjusted results throughout this document have also been adjusted to reflect this change. The impact of excluding these costs during the three and nine months ended September 30, 2020 and 2019 is reflected in the Certain legal costs lines of each of the following reconciliation tables.

The Other row included in the reconciliations of Net (loss) income (GAAP) to Adjusted EBITDA (non-GAAP) primarily relates to the items enumerated in the foregoing "Operating expenses" columns.

- (10) Adjusted income taxes are calculated by tax effecting adjusted pre-tax income and permanent book-tax differences at the applicable effective tax rate that will be determined by reference to statutory tax rates in the relevant jurisdictions in which the Company operates. Adjusted income taxes include current and deferred income tax expense commensurate with the non-GAAP measure of profitability.
- (11) To exclude the results of the businesses reported as discontinued operations, net of tax.
- (12) Calculated as Net (loss) income from continuing operations divided by the applicable weighted average share number. The applicable weighted average share numbers are as follows (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2020	2019	2020	2019
GAAP	230,040	226,598	233,379	225,804
Non-GAAP Adjusted	233,442	230,907	233,379	231,751

- (13) Depreciation and amortization and Share-based compensation per the Adjusted EBITDA reconciliations do not include amounts reflected in other lines of the reconciliations, including Continuity and separation benefits and other cost reductions.
- (14) To exclude Other (income) expense, net per the Condensed Consolidated Statements of Operations.

Non-GAAP Financial Measures

The Company utilizes certain financial measures that are not prescribed by or prepared in accordance with accounting principles generally accepted in the U.S. (GAAP). These Non-GAAP financial measures are not, and should not be viewed as, substitutes for GAAP net income and its components and diluted net income per share amounts. Despite the importance of these measures to management in goal setting and performance measurement, the company stresses that these are Non-GAAP financial measures that have no standardized meaning prescribed by GAAP and, therefore, have limits in their usefulness to investors. Because of the non-standardized definitions, Non-GAAP adjusted EBITDA and Non-GAAP adjusted net income from continuing operations and its components (unlike GAAP net income from continuing operations and its components) may not be comparable to the calculation of similar measures of other companies. These Non-GAAP financial measures are presented solely to permit investors to more fully understand how management assesses performance.

Investors are encouraged to review the reconciliations of the non-GAAP financial measures used in this press release to their most directly comparable GAAP financial measures. However, the Company does not provide reconciliations of projected non-GAAP financial measures to GAAP financial measures, nor does it provide comparable projected GAAP financial measures for such projected non-GAAP financial measures. The Company is unable to provide such reconciliations without unreasonable efforts due to the inherent difficulty in forecasting and quantifying certain amounts that are necessary for such reconciliations, including adjustments that could be made for asset impairments, contingent consideration adjustments, legal settlements, gain / loss on extinguishment of debt, adjustments to inventory and other charges reflected in the reconciliation of historic numbers, the amounts of which could be significant.

Cautionary Note Regarding Forward-Looking Statements

This press release contains forward-looking statements, including but not limited to the statements by Mr. Coleman, as well as other statements regarding product development, market potential, corporate strategy, optimization efforts, regulatory approvals and the proposed acquisition of BioSpecifics Technologies Corp., together with Endo's net income per share from continuing operations amounts, product net sales, revenue forecasts, the impact of and response to the COVID-19 pandemic and any other statements that refer to Endo's expected, estimated or anticipated future results. Because forecasts are inherently estimates that cannot be made with precision, Endo's performance at times differs materially from its estimates and targets, and Endo often does not know what the actual results will be until after the end of the applicable reporting period. Therefore, Endo will not report or comment on its progress during a current quarter except through public announcement. Any statement made by others with respect to progress during a current quarter cannot be attributed to Endo.

All forward-looking statements in this press release reflect Endo's current analysis of existing trends and information and represent Endo's judgment only as of the date of this press release. Actual results may differ materially from current expectations based on a number of factors affecting Endo's businesses, including, among other things, the following: changing competitive, market and regulatory conditions; changes in legislation; Endo's ability to obtain and maintain adequate protection for its intellectual property rights; the timing and uncertainty of the results of both the research and development and regulatory processes, including regulatory decisions, product recalls, withdrawals and other unusual items; domestic and foreign health care and cost containment reforms, including government pricing, tax and reimbursement policies; technological advances and patents obtained by competitors; the performance, including the approval, introduction, and consumer and physician acceptance of new products and the continuing acceptance of currently marketed products; the effectiveness of advertising and other promotional campaigns; the timely and successful implementation of any strategic and/or optimization initiatives; the timing or results of any pending or future litigation, investigations or claims or actual or contingent liabilities, settlement discussions, negotiations or other adverse proceedings; unfavorable publicity regarding the misuse of opioids; the timing and uncertainty of any acquisition, including the possibility that various closing conditions may not be satisfied or waived, uncertainty surrounding the successful integration of any acquired business and failure to achieve the expected financial and commercial results from such acquisition; the uncertainty associated with the identification of and successful consummation and execution of external corporate development initiatives and strategic partnering transactions; and Endo's ability to obtain and successfully manufacture, maintain and distribute a sufficient supply of products to meet market demand in a timely manner. In addition, U.S. and international economic conditions, including higher unemployment, political instability, financial hardship, consumer confidence and debt levels, taxation, changes in interest and currency exchange rates, international relations, capital and credit availability, the status of financial markets and institutions, fluctuations or devaluations in the value of sovereign government debt, the impact of and response to the COVID-19 pandemic and the impact of continued economic volatility, can materially affect Endo's results. Therefore, the reader is cautioned not to rely on these forward-looking statements. Endo expressly disclaims any intent or obligation to update these forward-looking statements except as required to do so by law.
